## BHE 75 Plus BATHROOM RADIATOR

### PRODUCT-NO.: 238713

#### Heat your bathroom the convenient way

These electric bathroom radiators supply you efficiently with the right amount of heat, just where you need it, all year round. Their blend of appealing design and functionality is a real winner. The operating controls are fitted at the perfect height for you to be able to adjust the temperature with ease.

#### Multiple uses of heat

Thanks to the slender round pipes and evenly distributed heat, you can hang your hand and bath towels on the radiator at several levels to dry or warm up. With their particular properties, the bathroom radiators in this series are ideal for use as heat generators or interim heaters in spring/autumn.

### The main features

Electric-only operation due to factory filling with heat transfer medium

Can also be connected to the hot water heating network

Premium design with round pipes

Operating controls with illuminated LCD screen

With variable temperature adjustment
